

OSID GRADING CALCULATION MODEL

Grade

- decimal getInputScoreStartRange()
- decimal getInputScoreEndRange()
- decimal getOutputScore()

GradeEntry

- boolean overridesDerivedEntry()
- boolean isIgnoredForCalculations()
- boolean isGraded()
- decimal getScore()
- DateTime getTimeGraded()

GradebookColumnCalculation

- CalculationOperation getOperation()
- decimal getTweakedCenter()
- decimal getTweakedStandardDeviation()

GradeSystem

- decimal getLowestNumericScore()
- decimal getNumericScoreIncrement()
- decimal getHighestNumericScore()
